

CANGGU CLUB BALI

Few places that host group events and functions can boast the range and quality of facilities and supporting activities that the Canggu Club offers its corporate clients. There really is “Something for Everyone”.

BUSINESS

Breaking away from the traditional and redefining the way group meetings operate, multi-functional is the buzz word at Canggu Club, where the exclusive facilities and highly professional events team have, over the last 12 months, attracted some of the biggest global brands. Toyota, Samsung, Bayern Munich Football Club, Pacto, Bank Mandiri and many more chose the Canggu Club to host their corporate events and have benefited from the club's unique approach. Spread out over four hectares, the club complex has a fitness centre, lap pool, sports ground, tennis centre, beauty spa, sports bar and multiple restaurants, plus a water park, Strike 10-Pin Bowling and the fantastic

Bounce Trampoline Centre. The facilities mean organizations can add the wow factor for maximum impact, making your event one to remember.

It's widely accepted that building group activities into a schedule can have massive benefits. For longer conferences it can break the monotony and help maintain focus and is recognized as a vital component in the success of team-building activities.

With a hugely experienced team, the Canggu Club will tailor packages that exceed even the most demanding of corporate expectations. You can choose to include activities such as building

bicycles from scratch and then taking the bikes to children in the local villages, for example. The Canggu Club recognises that hours spent like this create the special interpersonal relationships your business can build upon.

With the Canggu Club's unique range of facilities at your disposal, why not get the corporate event team to create an agenda that will guarantee success? Even the food and beverage packages can be tailored to cater to any preference.

Corporate functions or gatherings can also make use of the ample spaces for marquees, stages or just about any other temporary

structure that might be required, or they can use any of the multi-functional venues. Booking is flexible from a few hours up to a week and being just 10 minutes away from Seminyak and its swanky hotels and villas, there is ample choice of accommodations.

PLEASURE

The Canggu Club, home to the Club House Sports Bar and Verandah Restaurant, is Bali's undisputed premiere fitness and entertainment venue so naturally there are masses of leisure options to enjoy. As you arrive at Canggu Club, the first thing you will see is the bold primary colours of Splash Water Park.

This aquatic playground is built for children of all ages and is perfect for having fun or just cooling off. There are twisting chutes, ropes and channels that deliver you into the pool. The centrepiece is the Giant Racer,

a four-person race starting high above the ground that whisks you 90 metres before making the big splash. Overlooking the Olympic-size swimming pool, the water park is served by a poolside bar and restaurant that offers an array of light bites, pizza, pasta and Mexican dishes, as well as a range of beverages.

Continuing on the energetic theme we find the Bounce Indoor Trampoline Centre with a spring-loaded frame for extra bounce height and Strike 10-Pin Bowling with six automatic pinsetter lanes and a computerised scoring system; both are fabulous team activities that can be enjoyed by your delegates.

There really is “Something for Everyone” at Canggu Club. The Body Temple Spa and the Body Temple Hair Salon will help you re-energise and relax and leave you looking

and feeling magnificent. Or maybe you can make use of one of the three excellent floodlit tennis courts. No partner? No problem. The club has coaches from around the world as well as hitting partners and ball boys.

The Canggu Club provides a range of superb facilities for your relaxation or leisure or as an extension incorporated into your corporate business event. Add to that the staff professionalism and its easy access and it might be just perfect for your group needs.
